Thank you so much, Eugene.

It is my privilege and great pleasure to work with you and your colleagues at MIEM.

With best regards,

Bob

Subject: 80 !!! Congratulation from Moscow

Dear Bob,

With a sincere heart I congratulate you with an anniversary!

I am proud of acquaintance with you. You the well-known mechanic, you are known all over the world for the pioneer works in the field of dynamics of flight.

Thank you very much for your consent to co-operate with laboratory of space researches of our university. Thank you very much for your friendly relation to the Russian scientists.

Let you will have a lot of health and many man's force and charm.

Your young friend and the colleague from Russia,

Eugene
